To Whom It May Concern:

I would like to take an opportunity to offer a formal recommendation for Sergey Kharitonov, CEO of Eureka BPO, Ltd. He came very highly recommended. I have known Sergey for approximately one year and in the time he was contracted to develop four Business Processes on an Alfresco platform.

Sergey and his team have been working very close with us in the last year and demonstrating incredible initiative and a strong dedication to our project. His deliverables was always of a good quality on time and budget. Sergey's teams' knowledge on Alfresco is above reproach and when we ran into problems he was always willing to guide us and help us in the right direction.

When we do the next Alfresco implementation or when we need to do enhancements on the current system, Datacentrix will definitely make use of Sergey and his teams' services and expertise.

Sincerely,
